## HOW RISKY IS IT?

The value of the fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

### Risk Rating

Fiera Capital Corporation has rated the volatility of this fund as **medium**.

Because this is a new fund, the risk rating is only an estimate by Fiera Capital Corporation. Generally, the rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the fund's returns, see the *Investment Risks* section of the fund's simplified prospectus.

### No Guarantees

Like most mutual funds, the fund doesn't provide any guarantees. You may not get back the amount of money you invest.

## HOW HAS THE FUND PERFORMED?

This section tells you how Class B units of the fund have performed since inception. Returns are after expenses have been deducted. These expenses reduce the fund's returns.

### Year-by-year returns:

The information is not yet available since this class of the fund has not completed a full calendar year.

### Best and worst 3-month returns

The information is not yet available since this class of the fund has not completed a full calendar year.

### Average return

The information is not yet available since this class of the fund has not completed 12 consecutive months.

## WHO IS THIS FUND FOR?

Consider this fund if you:

- are seeking exposure to equity securities of international companies
- have a medium to long term investment horizon
- are comfortable with a moderate level of investment risk

## A WORD ABOUT TAX

In general, you will have to pay income tax on any money you make on the fund. How much you pay depends on the tax laws where you live and on whether or not you hold the fund in a registered plan such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold the fund in a non-registered account, fund distributions are included in your taxable income, whether paid to you in cash or reinvested in the fund.

## HOW MUCH DOES IT COST?

The following tables show the fees and expenses you could pay to buy, own and sell Class B units of the fund. The fees and expenses – including any commissions – can vary among classes of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

### 1. Sales charges

There are no sales charges if you purchase Class B Units through Fiera Capital Funds Inc.

You have to choose a sales charge option if you purchase Class B Units through your representative's firm. Ask about the pros and cons of each option.

Sales charge option	What you pay		How it works
	in per cent (%)	in dollars (\$)	
<b>Initial sales charge</b>	0% to 5% of the amount you buy	\$0 to \$50 on every \$1,000 you buy	<ul style="list-style-type: none"> <li>• You and your representative decide on the rate.</li> <li>• The initial sales charge is deducted from the amount you buy and it goes to your representative's firm as a commission.</li> <li>• The deferred sales charge is a set rate. It is deducted from the amount you sell.</li> </ul>

### 2. Fund expenses

You don't pay these expenses directly. They affect you because they reduce the fund's returns.

The fund's annual management fee is 1.15% of the fund's value.

Because this fund is new, its operating expenses and trading costs are not yet available.

### More about the trailing commission

The trailing commission is an ongoing commission. It is paid for as long as you own the fund. It is for the services and advice that your representative and their firm provide to you.

Fiera Capital Corporation pays the trailing commission to your representative's firm. It is paid from the fund's management fee and is based on the value of your investment. The rate depends on the sales charge option you choose.

The rate of the commission is 0.25% of the value of your investment each year. This equals \$2.50 for every \$1,000 invested.

### 3. Other Fees

You may have to pay other fees when you buy, hold, sell or switch Units of the fund.

Fee	What you pay
<b>Short-term Trading Fee</b>	Up to 2% of the value of units you sell or switch within 30 days of purchase. These fees are paid to the fund.

## WHAT IF I CHANGE MY MIND?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual fund units within two business days after you receive a simplified prospectus or fund facts; or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, annual information form, fund facts or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.
